

Wenters double seat with backrest (wood)

Article number: 20000050

Series: Wenters

Product description

The Wenters double seater with backrest is the most complete bench in this bench series. The bench has a large seating area. This allows visitors to sit on both sides of the bench. Ideal for a location with many people, such as squares or shopping areas. Thanks to the backrest in the middle, in combination with the wavy seat, one can sit and relax and enjoy the public space.

Features

- Additional seating comfort through the backrest
- Efficient filling of outdoor space
- A real Winterswijk bench!

A real Winterswijk bench!

The '**Wenters**' (dialect for Winterswijk) bench is a popular model. The bench was developed in 1998 for the redesign of the Winterswijk market. The first example can still be found in the same spot over **twenty years later**. The solid benches in this series are an **elegant** and **powerful** appearance. Its success is partly determined by the undulating and **ergonomic** shape of the seat. This shape ensures that the bench is wonderfully relaxed.

Materials

This Wenters bench is made with 100% FSC hardwood, giving it a warm and natural look. The undulating character of the seating surface has also been preserved in this wooden bench. Thanks to this seating surface and backrest, one can sit comfortably. The steel is hot-dip galvanized and two-layer powder coated in a RAL color of choice.
