

Grid element 5

Article number: 20001710

Series: Grid

Product description

Grid element 5 is made of concrete and has a length of 2000 mm. This element is provided with a **wooden seat**. The wooden seat is rounded on one side. This provides a **chic look** and increased seating comfort. The element can be **coupled** with the other nine elements of the Grid series.

Features

- Beautiful combination of wood and concrete
- Endless combination possibilities

Endless combinations

The seating elements in the Grid series are special. The bench series consists of a combination of **wood** and **concrete** and has a solid appearance. Within the series, several elements can be linked. Think of straight seating elements, with/without backrest and curved elements. Everyone has **the choice of** what the bench should look like. With all these options, the combinations are endless.

Materials

100% FSC-certified wood is used in the production of the seat. This means that the wood was harvested sustainably and responsibly. The hardwood used comes from the highest durability class. This means that the wood has a long life and will

therefore last for years in public spaces. The wooden seat is placed on a concrete element. The concrete has a natural gray color.
