Lounge element 4

Article number: 20000355

Series: Lounge

Product description

Lounge element 4 is made of concrete and has a length of 2000 mm. This element is equipped with a special wooden seating surface. This bench has a deep **kink** between the seating surface and the backrest which gives it a **playful** character. As a visitor to the public space, you lean backrest slightly in the element. This allows for comfortable lounging in the public space. The element can be combined with the other elements from the Lounge series.

Features

- Combinable element
- Suitable for sitting and lying
- Beautiful combination of wood and concrete

100% FSC-certified wood is used in the production of the seat. This means that the wood was harvested sustainably and responsibly. The hardwood used comes from the highest durability class. This means that the wood has a long life and will therefore last for years in public spaces. The color of the concrete is gray.
