

Edge 2200

Article number: 20001466

Series: Edge

Product description

The Edge 2200 is the long version of this bench series. This length allows more people to sit on the outdoor bench. This makes this version ideal for busy squares. The Edge bench consists of slats, through which one can subtly see the steel base. Both the backrest and the seat extend over the edge of the base. The rounding of the wooden beam at the top and near the seat creates a beautiful flowing line.

Features

- Sleek design
- Warm appearance
- Floating effect

The bench is produced from steel and wood. The steel is hot-dip galvanized and two-layer powder coated in a RAL color of choice. This ensures that the bench, like our other products, will last a long time in public spaces. The seat is made of untreated hardwood. This wood is 100% sourced from FSC-certified forests. This means that the wood has been harvested sustainably and responsibly.

Extra information

Length:

2200 mm

Width:

691 mm

Height seat (from ground level):

460 mm

Height (from ground level):

900 mm
