

Plane picnic set (hardwood or douglas)

Article number: 20001879

Series: Plane

Product description

The Plane series picnic set is a sturdy solution for **urban applications** that need to stand up to rough handling. This modular picnic set exudes **strength and warmth** through the use of wood. With its **understated design**, the Plane picnic set blends in with any environment. Because the picnic set table and benches are stand-alone elements, it is easy to enter the picnic set from both sides.

For every outdoor space

On request, Grijssen can also deliver the picnic set to measure. In this way, a suitable picnic set can be created for any size or group. Thanks to its clever leg construction, the Plane can be easily extended to accommodate longer versions. As standard, the Plane picnic set comes with room for four to six people. The Plane picnic set combines well with the other picnic sets and benches in the Plane series.

Characteristics:

- Infinitely expandable
- Easy to take a seat
- Fully modular construction

Materials

The picnic set is produced from steel and wood. The steel is hot-dip galvanized and two-layer powder coated in a RAL color of choice. This ensures that the picnic set, like our other products, will last a long time in public spaces. The seatings and the table top are made of untreated hardwood. This wood is 100% sourced from FSC-certified forests. This means that the wood has been harvested sustainably and responsibly.
