

Pure Eco picnic set I

Article number: 20002610

Series: Pure

Product description

The Pure Eco Douglas picnic set I with its striking design is an asset to any environment. The picnic set consists of **four poufs** and a picnic table. The cubist, wooden form of the poufs looks pure and honest from all sides just like the **robust** tabletop. The combination of wood and **corten steel** emphasizes the natural character of this picnic set. This picnic set combines well with the other products in the Pure Eco series.

Features

- Natural look
- CO₂ remains stored in the wood
- Suitable for both green and urban environments

Staatsbosbeheer

For Staatsbosbeheer, **sustainable harvesting** is, in addition to **protection and experience**, a form of utilization. The cooperation with Grijssen gives this wood a useful application in the form of the Pure benches and it will last for years. The **stored CO₂** thus remains stored in the wood.

Material

Douglas has undergone a special preservation process. This is based on vacuum pressure, whereby ingredients are used that come from nature and are 95% mineral-based. The impregnated elements have increased durability and therefore belong to durability class 2/3. The **lifespan** even **equals** the **growth period** of the tree.

Extra information
