

Natuur Comfort single seat

Article number: 20002780

Series: Natuur Comfort

Product description

The benches from the Nature comfort line are characterized by their simplicity and beautiful details. The furniture is suitable for any surface and can therefore be placed in public spaces, but also in forests or parks.

The Nature Comfort line is made entirely from FSC wood that has been preserved and comes from the Dutch forests of the Dutch forest organization Staatsbosbeheer. The design is contemporary and friendly.

Characteristics

- Suitable for any location
- Entirely out of wood
- Simplicity and beautiful details

This unique furniture is the result of a collaboration between Staatsbosbeheer and Grijssen.
