

Square (900) with crossbar

Article number: 40000124

Series: Square

Product description

The **Square (900) with crossbar** is the larger variant within the Square series. The name of the bicycle bracket is derived from its **rectangular shape**. The bracket is sleek in design and does what is expected of it. This bicycle rack has an **extra advantage** compared to the standard Square double. The bicycle bracket is equipped with a handy **cross bar**, which makes it easier to attach a chain lock to the bracket.

The **Square (900) with crossbar** bicycle bracket is also available in a smaller variant: the Square (530). The bicycle bracket is hot-dip galvanized and is provided with a two-layer powder coating in a RAL color of your choice.
