

Column 120

Article number: 10000539

Series: Column

Product description

The **Column 120** is a versatile litter bin within the Grijssen litter bin family. With a capacity of 120 liters, it offers **sufficient capacity** for many locations in public space. For the filling, you can choose between a **mini-container** or a **plastic bag holder**. There are also two different top covers developed for this litter bin, each with its own advantages. The **robust litter bin** is fitted with a locking bar with two locks on the inside of the large door. This ensures a sturdy lock. The Column 120 is **fully modular** and parts are therefore individually replaceable. This results in a **circular basis** for this product.
