

# Cubic I (530)

Article number: 40000034

Series: Cubic I

## Product description

The **Cubic I (530)** is the smallest variant within the Cubic **bicycle brackets**, but certainly no less functional. It stands as a **parallelogram** at ground level. The sloping uprights give the bicycle stands their own **unique identity**. The Cubic ankle is the basis for the bicycle bracket line.

The Cubic series is available in four variants, so some variation or adaptation to the environment is possible. The bicycle bracket is hot-dip galvanized and will be provided with a two-layer powder coating in a RAL color of your choice.

## Extra information

### Material:

Steel, 3 mm, hot-dip galvanized and two-layer powder coated 120 µm, [in RAL colour of your choice](#)

|                              |                                       |
|------------------------------|---------------------------------------|
| Length                       | 80 mm                                 |
| Width                        | 536 mm                                |
