

Pure picnic table 1000

Article number: 20001062

Series: Pure

Product description

The **Pure picnic table 1000** is a picnic table with a natural look and a steel powder-coated frame. The picnic table can be combined with [various benches or pouffes from Pure series](#).

Unique to the Pure series is that the models fit both urban and natural surroundings. This picnic table is a short version of the Pure picnic set II. The reduced size of this table makes it easier to place in an outdoor space than its big brother. The Pure picnic set III has the same advantages as the other benches in the Pure series: robust, honest and solid. As this picnic set consists of separate elements, it is possible to add a backrest to one or both benches. This allows you to sit even more comfortably at the picnic table. This picnic set therefore combines well with the other products in the Pure series.

Features

- The natural look
- The stored CO2 remains sequestered
- Made of FSC-certified domestic wood
