

Lineo - wood vertical

Article number: 80000292

Series: Lineo

Product description

The Lineo planters and tree planters have a sleek and robust appearance. The square shape ensures that Lineo can be used in many places.

- The planter can easily be moved with a forklift truck.
- The panels placed on the inner container can be dismantled. This makes it possible to replant trees from the planter and reuse the tree trough. In case of damage, it is possible to replace the outer panels individually.

The planters and tree tubs Lineo are available in three sizes. This version is clad in hardwood, giving it a natural look.

Extra information

Available sizes: (outside dimensions)

1. 1585 x 1585 x 946 mm (l x w x h)
2. 1585 x 2085 x 946 mm (l x w x h)
