

Plane II single seat with backrest (accoya)

Article number: 20003392

Series: Plane II

Product description

As the name suggests, the Plane II single-seater comfort is a seating element that offers **extra comfort**. This is due to the addition of the **backrest**. This backrest continues in one line from the base. This makes the bench perfectly balanced. The Plane II single-seater comfort with a backrest is perfect for sitting, relaxing, and meeting. In addition to the outdoor benches, a picnic set is also available within the Plane II series.

Features

- Floating effect
- Additional seating comfort through the backrest
- Modern design

The floating bench

The Plane II is characterized by the same **robustness** as the Plane, but with a **softer look**. The softer look is achieved by rounding the corners of the wood. In addition, the base consists of only a single leg. This makes the bench seem to **float**. This creates a quiet and modern look.

Materials

The Plane II single seat with backrest is produced from steel and wood. The steel is hot-dip galvanized and two-layer powder coated in a RAL color of choice. This ensures that the bench, like our other products, will last a long time in public spaces. The seat is made of untreated hardwood. The wood is 100% sourced from FSC certified forests. This means that the wood has been harvested sustainably and responsibly.
