

Plane single seat

Article number: 20000190

Series: Plane

Product description

The Plane is the predecessor of the Plane II. This sturdy wooden bench can take a beating. The Plane single seat is the simplest version of the series. But **simple can also be very beautiful** and this bench proves that. The combination of steel and wood gives a **robust and warm appearance** to public spaces. The Plane fits into any environment. **Beautiful in all its simplicity.**

Endless combination

The Plane single seat can be combined with the fifteen other variants of the Plane series. The design of the Plane is well thought out and the clever leg construction makes it possible to easily link several Plane benches together. This allows you to ['Endlessly combine'](#). Grijssen can also produce the Plane to order upon request.
